AMERICAN AND CANDIAN RATINGS.

In each issue of MATMANIA, we attempt to rate the men of this country on basis of ability and skill. Our ratings are unusual, so a word of expalantion will be necessary. Each of our officers send to me thier ideas of the 25 best in the country. By a reverse point system, 25 for number one, 24 for number two, and so forth. we reach our final ratings.

As in times past, these ratings tend to reflect the men of both Japan and Australia. In this case, we have men from England, Germany and India, as well as the States, and Japan. Therefore, these ratings could be classified as world ratings.

For the first time, we are including the top 30 men, as this gives a more accurate picutre. Below, then, are our ideas of the 30 best in the world. Behind each name will be the number of points the man received and the number of lists on which mentioned. There were 12 lists and a total possible points of 312.

1. Gene Kiniski (300 points, 11 lists)
2. Lou Thesz (253 points, 10 lists)
3. Fritz Von Erich (247, 10)
4. Dick Afflis (240, 11)
5. Bruno Sammartino (233, 9)
6. Destroyer (205. 10)
7. Verne Gagne (195, 10)
8. Wilbur Snyder (192. 11)
9. Bill Miller (186,11)
10. Johnny Valentine (178, 10)
11. Maurice Vachon (175, 11)
12. Ray Stevens (160, 9)
13. Kinji Shibuya (151, 10)
14. Karl Gotch (149, 9)
15. Reggie Lisowski (148, 10)
16. Pat O'Connor (142, 10)
17. Bob Ellis (133, 10)
18. Bobo Brazil (94, 7)
19. Bill Watts (82, 5)
20. Shohei Baba (73, 5)
21. Killer Kowalski (69, 9)
22. Eddie Graham (67, 9)
23. Shriek (64, 5)
24. Ernie Ladd (60, 5)
25. Gorilla Monsoon (52, 6)
26. Ian Campbell and Pahalwan (a tie. 43, 3)
27. Pedro Morales (41, 6)
28. Bobby Orton (37, 6)
29. Horst Hoffman (32, 3)
30. Bulldog Brower (30, 5)

These ratings are far from being official. They are simply our ideas of who is the best in the country or world today. here are undoubtedly discrepancies in the above list, as there would be of any such list devised by the hand of man.

As in times past, no man was mentioned on each and every list. A total of five men were mentioned on 11 of the 12 possible lists. Only one man, Gene Kiniski, was even close to unanimous as first choice. He was first on each list on which he was mentioned, except one. On that one, Bruno took the first place nod.

GREAT YEAR FOR THE IRISH

PLANNING AHEAD—Left to right: George Barton, Sports editor of Minneapolis Tribune; Walter Miller, wrestling promoter from New Zealand; Pat O'Connor and Tony Stecher, midwest wrestling impresario.

At least, that's what Minneapolis mat moguls and fans expect for Pat O'Connor

By Rolf Felstad

IN THE midwest where Tony Stecher holds sway in wrestling promotions, they're leaping with joy over the prospect of one of their heroes, Pat O'Connor, cutting a wide swath in matdom this season.

Anton (Tony) Stecher, Minneapolis promoter, has looked on O'Connor with a fond and fatherly eye ever since Pat docked in the Twin Cities from his native New Zealand in the fall of 1950.

It was no accident that O'Connor fell under the Stecher spell. Two former University of Minnesota wrestlers, Butch Levy and Joe Pazandak, discovered Pat in Wellington, New Zealand, where the young amateur had captured four national amateur heavyweight championships. They sent O'Connor to Stecher for a coat of pro polish and Pazandak, as a matter of fact, did much of the teaching.

Pat responded by capturing the hearts of midwest fans. Minneapolis spectators voted him their most popular wrestler. And it was hardly a year after the New Zealander's pro debut that he was beating top flight opponents in a manner that left nothing to be desired. Nothing, that is, but Pat, who suddenly became very much "desired" by matchmakers around the country.

THIS ARTICLE AND PICTURE ARE REPRINTED FROM A NOW DEFUNCT WRESTLING MAGAZINE. THE PICTURE SHOW PAT O'CONNOR AS HE SIGNS WITH TONY STECHER & PREPARES FOR HIS AMERICAN DEBUT.

O'CONNOR IS JUST ONE OF THE MANY WRESTLERS WHO STARTED THEIR PROFESSIONAL CAREER IN STECHER'S PROMOTIONS. OTHERS INCLUDE GAGNE, NOMELLINI, J. PAZANDAK, BUTCH LEVY, DICK "THE BRUISER" AFFLIS, AND SO MANY MORE.

Pat, born and raised in New Zealand, only wrestled there as a pro during the above period. He made his debut in the States, and only appeared as an amateur in his homeland other than above. Why, I do not know, as he was extremely popular there. Even now, they would welcome him with open arms.

It is generally believed that once Pat O'Connor lost the championship, he fell flat on his face. He continued to win all or most of his matches, and it was not until two years after his championship loss that he suffered a let-down. Look at the record.

The previous life record of Pat O'Connor will tell a person many things. First of course, is the number of matches that the wrestler has engaged in, the number of wins and losses, and where the match took place. O'Connor has been one of the most active men in the history of the game. He met a total of 275 men during the period covered herein. He wrestled in a totla of 171 different cities. This is a record that few can equal.

Much of his success in tag team contests is due to his choice of partners. He used a total of 53 men as partners at one time or another. Of these, 15 held the world title at one time or another. Of these same partners, he wrestled against 27 at one time or another. Of his complete list of opponents, 27 were the champs at one time or another or place.

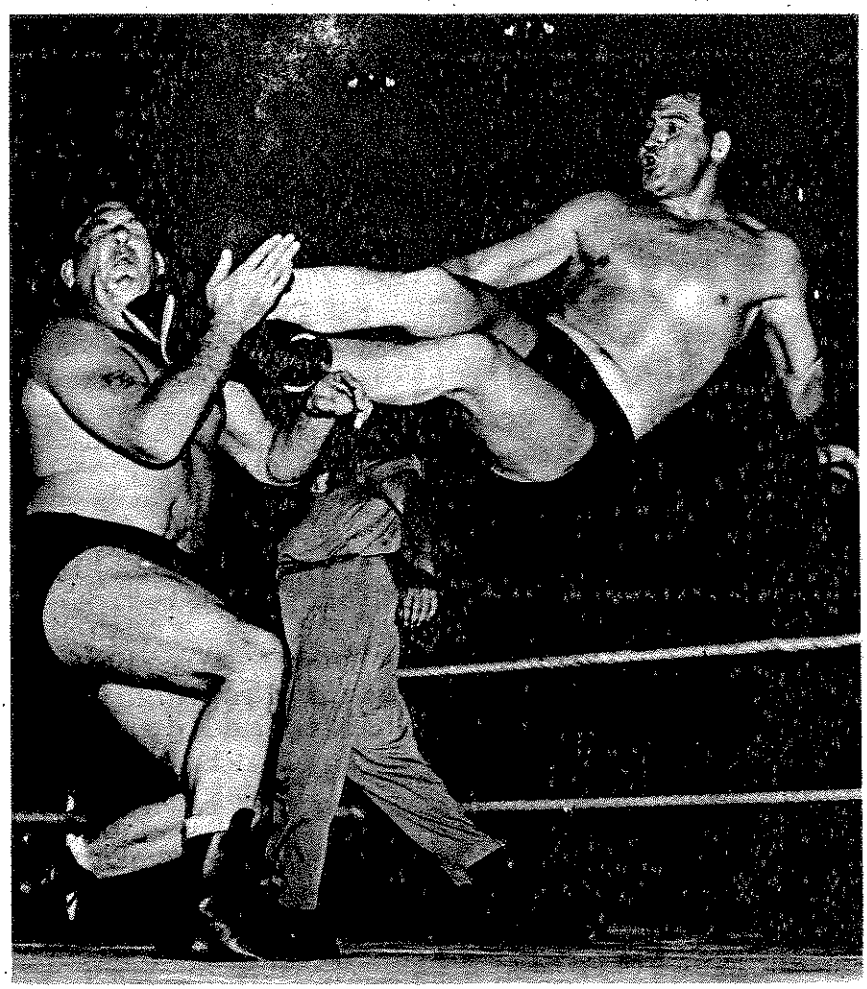
This is what the record shows. What is there between the lines that may give a better idea of this fine mat-man? O'Connor was an excellent amateur wrestler. He represented his native country, New Zealand, in the 1948 Olympics in London, and later in the British Empire Games in Melbourne. Here, and in other places as an amateur, he won many records and titles. This was due to his excellent speed and ability, which he later took to the pro ring.

When he did turn pro in 1950, he was so good and so well received, that he met the champion, Lou Thesz, within a year of his debut. By that time, his skill and ability was such that he warranted this chance to win the Big Apple.

He used this kill to win over 75 per cent of his matches. During that time, he won many local titles, and crowned it off by winning the N.W.A. title from Dick Hutton. During his two year stint as the champion, he met every top challenger, traveling over a thousand miles a week to meet them, and beat them on their home grounds.

O'Connor has been involved in many feuds during his career. But known lasted longer than his first, against Verne Gagne. Both were top-notch amateurs, both were young and popular men, and both were first-class wrestlers. They met numerous times during their career, with honors evenly divided. Later, Pat had feuds with many villians such as Schmidt, Kowalski, Geigel, Rogers, and many others.

This, then, is Pat O'Connor. A wrestler that is honored by his college and amateur record, a man who was tops in every professional ring in which he stepped. A man honored by every man who ever saw him wrestle. A first class man in every step of the way. He is a good one; possibly the best of the last 15 years.



BRILLIANT PAT O'CONNOR, THE CHAMPION, RIGHT

On the right, O'Connor delivers his famous drop-kick.

Boom, the bottom fell out of it all. I would have sworn we had more results than this for this area. As Frank Hickey says, you can't win them all.

New additons of Mike DiBiase and Jim Wehba will help greatly. Both are above average in ability and drawing power. Wehba, especially, as he is a brand new young face, will help. Also the Hardy duo of Jim and Chirs will help. Although young, they have alot of experience and alibity. They should do very well there. And Dick Murdock, anbther new face, will help. Things are looking up.

Our thanks, as always, to Diane Devien, Hazel Curiel and Larry Lewis for their assistance in helping to gather these results. They are always stauch in their support of Lil Me.

Newcomers Nikita Mulkovitch and Chris Tolos will keep this area hoping. Both are good men, and exciting wrestlers. To say that they are cordially disliked, is of course, an understatement. Kennny Hill and Kenny Mack will also help. New faces, no matter who, always help. Look for the assassins to be coming back soon, possibly. They will do wonders for this or any other area. With Orton there, Manousos there, Ellis and Gonzalez around, Montero, and so forth, things should be hoping real big. Some good men.

Our thanks onee again to Diane Devine, Opal Mae Monspiez and Charlotte Irvien for their help in gathering the above results. As always, we are grateful for the help and assistance from these three wonderful, hard working, delightful women. We will now have three bars of "I Love You Truly."

******

Was good to see the name of Bob Clay in action again. Although age is catching up a little, he is still one of the better men around. We miss him. He is a goodie.

INDIA'S STRONGMAN STAR GETS A HAL-NELSON ON THE GOOD LIFE

Bombay, India (AP)-A 235-pound ex-wrestler is bounding across Indian movie screens in various states of dress and undress toward a great pot of gold.

His is Dara Singh, who gave up head-knocking in the ring to play a bare-chested Tarzan, Samson, Hercules and all-around strongman in scores of Indian films. Aside from drawing about 50 worshipful g fan letters daily, Dara Singh reportedly pulls down a minimum of $20,000 for each movie a fabulous sum in India.

It's an especially attractive life for Dara Singh who is 36 and used to make a meager living grunting and groaning with sweaty opponents in wrestling arenas from New York to Tokyo. And there is no doubt about Dara Singh's attractiveness to Indian movie goers. In the first four months of this year, he signed to do 17 pictures. In April he was acting in eight simultaneously.

Studios in Bombay, Madras, Calcutta and uncounted smaller towns grind out hundreds of films annually. And as far as the average fan goes, he may not have enough to eat but he'll somehow find the price of a movie ticket.

Dara Singh is a six foot, two-inch Sikh. The Sikhs are a religious community famed for turning out big men who wear full beards and turbans. Many make the army their career. Dara Singh, however, turned to wrestling as a youth in a farming village 21 miles outside Amritsar, a Punjab state to city that is holy to the Sikhs. He won his first match as a teenager-and was paid the grand sum of four annas (about 5U S.cents).

In 1954, Dara Singh became India's champion free-style wrestler-and i Indian idol Filmlon was the next s top.

MAJID ACKRA

of

LAHORE, PAKISTAN

No wrestler brings more of the colour of the East, the mystique of the Orient, than the picturesque Majid Ackra, a prominent young heavyweight from Lahore, Pakistan, whose victory list grows nightly.

Many wrestlers from foreign parts whith little else to offer the keen student of wrestling rely on what have become "gimmicks" to project the image of themselves.

Not so with Majid Ackra. If he looks at all picturesque in appearance when he enters the padded ring to do combat, clad as he is in the silks and turban of the East, it is no "gimmick"-that dreadful American expression which has become part of our language-but merely that which has been the traditional costume of his people for generation upon generation. And, he has as much right to wear it in the ring as Billy Two Rivers has to wear his colurful headdress.

In the ring, on the padded mat, throwing his strength against an opponent of merit, Majid Ackra shows something of his athletic skill. For, as his record away from the mat indicates, the good-looking Pakistani boy is an all-round athlete. Among his favourite leisurehour sports are football, weightlifting and all things that will assist him in Body-Building.

One thing must be said about Pakistan's gift to the British wrestling world is that he spends his mornings, when he can, busy training in the gymnasium, and while he may never set any records for weight-lifting, Majid Ackra does really enjoy this form of training.

Majid Ackra, who lives in Manchester when he is wrestling in this part of the world, comes from a family of noted wrestlers, In the 1936 Olympic Games, held that year in Berlin, his father won middleweight honours and later in rings around Europe he wrestled in a professional capacity.

Too few wrestlers of quality have ever left Pakistan and India to demonstrate their skill in the Western style of wrestling. So it is always refreshing to watch a combatsman like Majid Ackra-born in a land where for hundreds of years wrestling has been almost a religion-adapt himself to a style of combat which it may well be said was, in Europe, gave to the world.

Various men listed above are well known in others parts of the world under their real name, or under and alias. Andre Drapp, of course, is well known to all mat fans of the States. He was here for many years, and is weell remembered. Apollon, Maynard, Regan, Maxamilliano, Kumali, Gordienko and Douglas are all welll known througout Great Britain. Brown sponds most of his time in and around France, where he is a top star. Lasartesso has wrestled most everywhere; billed as either Rene Lasartesse, Jack Lassar, or Jack Lassartesse, he is a welll known villian. Josef Grobbe is well known as either Tarzan Zorra or HAns Mortier; the same that tore up the East Coast a few years agom and is in New Zealand now. Paul Borgor, of course, has been everywhere, and faced them all. He was in this country a few years ago, and is still remembered with awe by all the fans who saw him. He was a goodie.

The first tournament listed above was for the German title. Won by Hoffman, he has defended it against all comers since. He last but one match since then, that to Gedeon Gida. Hoffman is a good one, and would go over very well here. A former Olympic star, he has the skill to beat anyone. And the looks to please everyone else. Why he is not here is a mystery to me.

Ditto Lasartesse, Rasmussen and Dillinger. They would so completely tear up the area, that it would not be funny. Like the days when Hans Schmidt. Fritz Von Erich Karl Von Schober, Fritz Von Goering were all top dogs, and tag teaming. The three would be fit opponents for any tag team around.

Writes

of

STRANGLER LEWIS

After a Muskogee, Okla., dateline, a story said that Ed (Strangler) Lewis was dead at 76 in a veterans' hospital in that city. He died blind and broke, the more than $4,000,000 he had earned long ago lost on ill-fated business ventures. But the story also said he died a happy death, confident that tribulation and grief had been given him a true sense of values and a faith in the purpose of God. I wish I might have been by his bedside and held his hand as the sands of life and time ran out. There was a day when he was a good friend to a young writer of sports, just pulled off the state political run and put at the sports desk. The Strangler was an artist and one of the figures of the golden age of sports, which just happened to coincide with the era of wonderful nonsense, which ended with the Wall Street crash in October, 1929.

One hot summer night at old Sulphur Dell baseball park at Nashville, Tenn., the Strangler was pitted against the champion from Armenia. (He really was a big muscular young Turk, who hated Armenians. He had been a plumber's helper in Chicago. There was such a shortage of human behemoths that he had been recruited and was one of many being trained as wrestlers.)

The match was two falls out of three. Now and then when he would be flopping like a hooked fish in the grip of the Stranglers headlock, the Armenian would moan loudly. At one juncture some hog-calling voiced fan in the stands threw back his head and cried out, "The suffering Armenian," (This was at the time when mite boxes were being filled to help the Armenians, persecuted and killed by the Turks.) The first fall took 45 minutes.

The 45 minutes concerned a few of us. An Italian citizen in the town, influential in politics, was giving a party at his country place on the Cumberland River. It was to be a grand affair, with spaghetti, meatballs, ravioli, peppers, and "dago red." After the fall I spoke to the Strangler about this as he sat towelling off himself in the dressing room. "It is too bad, Ed", I said. "that this fellow is giving trouble. We will be late for the party."

"How long did that fall take?"

"Forty-five minutes."

The great man nodded.

Four minutes after the second start, the Armenian was thrashing about in the grip of a headlock and howling like a worried coyote.

We made the party on time.

The Strangler's real name was Robert Friedrichs. He had a tremendous body, bull-like chest and arms of tremendous power. He could wrestle, an art that came down from the ancient Greeks. He competed with Jim Londos, the Golden Greek, and Joe Stecher, the scissors expert. Those three were the best, although perhaps Stanislaus Cyganowitz Zbyszko might be included.

Lewis's headlock, once applied to a doubting young sports writer's head, left him unable to chew food for three or four days. Stecher's scissors could burst a sack of grain. Londos was an artist of many holds. There was a horde of picturesque "champions" - Poles, Latvians, Ukrainians and so on. I recall old Stan could take his starched collar off without unbutting it. He lifted it off over his head.

Lewis, whose neck measured 21 inches, came into a ring wearing a robe of heavy purple silk. He put it off with a royal gesture.

For long years we kept in touch. He tried a restaurant, a health club, an avocado ranch. None did well. At the peak of his wrestling he got trachoma, a dreadful eye desease. The treatment was rubbing caustic blue stone on the eyes. Blindness came later years. He became deeply religious in the late 1940s. It made him cheerful and content. It is difficult to imagine that great muscled figure, thrown off the regal robe, thin, old and blind gasping out breath behind a screen in a veteran's ward.

****

I once heard a story, it could well have been about Ed Lewis. A veteran wrestling star was on his last foot. His speed and ability were all but gone, and he was living as much on his name and as ability. He was wrestling a young man who was intending to make a name for himself by beating the ex-star. Every time they got close, the old man would wisper in the ear of the kid: "Take it easy on the old man. Help me look good." But the kid just kept on pushing the tirying man.

Finally the old man drew in a fresh breath of air, and reaching back into the past, turned on the full power. He battered the youngster about the ring, gave him a series of thundering body slams, then fell on him for the pin. He won the bout, and almost demolished the kid.

When they were both back in the dressing room, the old man smiled and said, "Kid thanks for helping the old man look good."

****

If there is a man who warrats entrance into the Wrestling Hall of Fame, it is Ed Lewis. There were few men who could beat him in his prime, and even after his speed and powere were but memorys, he could still hold his own with the majotiry of men. He richly deserves all the honor that we can give him.

The Agust issue of MATMANIA included six pages of his life record. We have since received many more results on him, and we will be doing his record. But it will not be included in this bulletin. Only those people who belong to the old results club and those who have helped us in the collection of old results will receive same. It should run about ten or 12 pages, and will undoubtedly interest all mat fans the world over. He was a good one; possibly the best he ever wrestled on the face of this tired old world.

******

In future issues of these bulletins, or in conjunction with it, we will be doing life records on each and every man elected to the Wrestling Hall of Fame. We need tons of help on collecting the info involved, so please, if you have time and would like to help us on this project, contact me. We need all the help that we can possibly get. We need all, or most, of the results from 1910 this side. Will settle ofr 1930 this side. Please, we need your help on this.

We already have plans to include various men who have rated high in the Hall of Fame balloting. The life record of Buddy Rogers will be in the December issue of this bulletin. That of Rikidozan will be in either the January or February issue. That of Gorgeous George will be in the December '67 issue. As indicated above, we need all the help that we can get on collecting these results, especially on George. He wrestled everywhere during his career that spanned some 25 years. He started around 1937 or 38 and finally retired around 62 or so. Please, we need your help. Thank you.

The above results are, of course, not official. The selection committe will vote on the 20 men who most deserve admission, based on ballots received at the Hall of Fame, and through various other s urces, notably Wrestling Revue and the other magazines that have included ballots. They will vote on the first 20 men, and then will add three deserving men and women a year thereafter.

The Hall of Fame selection committe consists of: Josse G. Wright of Coronado Pines, Florida; Kol Kwanini of New York City; Vince McMahon of Washington, D.C.; Toots Mondt of Pittsburgh; Nick Gulas of Nashville; Roy Welsh of Nashville; Jerry Adams of Lincoln, Nebraska; Jules Strongbow of Los Angeles; Lew Eskin of New York City. Included in the above group are some of the best minds in the field of wrestling, and we can rest assured that their selections will be based on fairness to all concerned.

******

We are once again including the ballots for the Wrestling Hall of Fame. These envelopes will help in various ways; first, it will give the committe your ideas of who you feel deserves entrance into the Hall of Fame. Second, it will give you a chance to win the prize money in the drawing at that time. Thrid, it will help the Hall of Fame in their drive for assistance. Lets all get behind this, as it is the most worthwhile project now around.

We all owe a hearty debt of gratitude to Jimmy Dean, Daniel Boone Savage and to Chester Crum for their efforts in getting this organization started. It is long overdue. Gentelmen, we appreciate your efforts.

During the next months and years of MATMANIA, we will be doing various life histories on wrestlers of special importance and interest. The list includes many top names: Buddy Rogers in December, Bobby Orton in March of 67, Bill Miller in June of 67, Freddie Blassie in September, Gorgeous George in December, Primo Carnera in March of 68. In addition to these, we will be doing special life histories from time to time. These special ones will include histories of any important wrestler that may die, hostories of any man who wins a major title, also all the men elected to the Wrestling Hall of Fame. In additon to these we will be doing special histories on men of special importance such as Rikidozan, Don Leo Jonothan, Jerry and Eddie Grahm, Kurt Von Poppenheim and the Destroyer. All of these records take results, and tons of them, to complete.

The very best month that I have ever managed to accumolate results in in July of this year. We have over 400 cards received during that o one month, and will be receiving more. We will probably end up with around 500 when we are through. This, of course, is a record that we may be breaking quite regularly in future months, as our coverage improves.

Many of the above life histories, though, do not include just results from July of 1967 and thereafter. Many of them include results from as far back as 1910. During the years of 1910 through 1949, I have lees results than just the one month mentioned above. There are only a small handful of years inwhich I have more results for the entire year than for the one month of July 67. Those years in which I have fairly decent coverage include 1957, 58, 62, 63, 64,and 65. All others are skimpy and very incomplete.

Many of the men that we will be covering in life histories covered a great deal of ground in their wrestling days. Blassie wrestled in almost every city and town throughout the South, Midwest and Far West. Rogers covered every spot in the Eatern half of the country, as well as the Far West. Jonothan missed few places in his more active days. Ditto the Grahams and Orton. The old timers were even more so, as they criss-crossed the country, taking on all comers.

Without old results, these life records are impossible to prepare. We have a few people that have results available, and it isthrough their efforts that we have been able to do as well as we have thus far. When we receive and include in the life history 25 per cent of the matches in which that person participated, we feel good. We have never gone over that receord. The record we did on Roy McClarty several moons ago was the best that we ever did, and that was mainly through the efforts of his fan club president, Hazel Curiel. The Lou Thesz record, we achieved the 25 % mark, too, but that was mianly because we did so well during the 50s. Everything else was extremely skipmy. (Skimpy).

We need your help, and we need your help badly. There are only 3 or 4 people that have been doing any digging for additional results. These people have made the drastic mistake of finding it to be interesting work, and rewarding work. They have been doing it for some time now, and will be continuing as time allows. I just wish we had a hundred more like them.

These life records are an important part of being able to follow the happenings of the wrestlers. As time goes on, we hope to be able to include the record of each and every top wrestler in the business, but it is impossible to do so without the aid and support of each and every member of MATMANIA. Dig, kiddies, dig.

While we have a few lines left, let me cover a facet of wrestling of which I am constantly asked: how to get old results. Seldom does a promoter or booking agnet keep them. It does little good to write to a person in such circumstances to ask for them. The only way to get them is through old newspapers. Either the local library will have the old copies available either in bound volumns or on microfilm, or the newspaper themselves will have them. Choose a smaller newspaper; also an afternoon or evening one. They are usually best. More on this later.

What can a person say about the WWF area that has not been said before? New faces such as Mister Kleen, Sonny Myers, Prince Nero, Ed Valentino and Ernie Lasiter will help, but not enough. Far too many of the men of this area have been here ofr more years than I care to remember. There will be no matches at the Agrden for at least another month or more, and no other really large gates until Bruno gets back. The new tag champs will help, but not very much or for very long. The team of Scicluna and Sloan is not quite the best in the world, and this write figures they will lose very soon, probably to Bruno and his little cousin. Meanwhile, the only drawing cards in the area, will continue to battle it out. I do not know how many people will go to see a mian event of Parisi verus Scicluna, but I will not be one of them. Even worse would be Scicluna and Sloan taking on Cerdan and Sexton. Yes, there are some lean months ahead.

Another thing which I do not completely understand yet, and has not been completely verified, has happened. Toots Mondt has stepped down as promoter in Pittsburgh. He has been there for many, many years, and has done a good job most of the time. The new promoters has not been established as of yet but with Lisowski moving in right at the same time, I can give a fairly educated guess. Things should start happening around that area soon. I know that they have lowered the price of tickets, and that never hurts. Now all they have to do is to get some new talent in there, and they will be set.

Our thanks to Jane Rhodes of the Tony Manousis and Edde Graham fan club for her help in collecting the above results. Our thanks also to Earl Elder, John Hnatin, and the hundred and one others who sent in parts of them. We luvs and preciates all the help.

Is anyone ready for another appeal for old results? Here goes anyway.

In future months, we will be doing at least ten life histories. Many of these will be only on those people in the Hall of Fame, and may not be of general interest. Therefore, we will do them up just for the old results club members, and for those people who have sent old result to me in the past. Other life histories that we will be doing will, of course, be included right in these bulletins. The list includes such men as Rogers, Gorgeous George, Classie, Destroyer, George Bollas, Miller, Carnera, George Becker, and many others. Suffice it to say that it is impossible to do these records without the results to do so. We especially nedd help in almost all the cities of the East Coast from Washington up to Maine. From the 40s this side. Many of the men on ehom we will be doing histories spent theri entire time, or a good share of it right around here. We need help, and tons of it.

If you have access to old newspaper files, and havea desire to be of assistance, please let me know, and I will tell you what and where we need. Thank you.

McDANIEL'S MAT DEBUT BIG WAHOO

By Jack E. Lee

Professional footballl players, who aren't lucky enough to sign $400,000 bonus contracts, must look for work to keep in financial shape during the off-season.

Ed (Wahoo) McDaniel, star defensive linebacker of the New York Jets, chose professional wrestling. The 6-1, 250-pound grid der made is grunt and groan local debut last night at Madison Square Garden N.Y.

Rising rapidly to stardom as a member of the Jets, McDaniel decided to cash in on his local popularity by joining the Metropolitan area wrestling fraternity until the Jets' training camp opens in July.

Wahoo, decked out in expensive Indian regallia, "ambushed" villain Boris Malenko with a tomahawk chop in 6:32.

McDaniels exciting performance was witnessed by a crowd of 13,874 including David (Sonny) Werblin, owner of the Jets. Last night's gross gate totaled $41,154.05, a far cry from the bonuses Werblin has been handing out to sign collegiate football stars. Top attraction found world champion Bruno Sammartino and Cowboy Bill Watts Gaining victory by disqualification over Waldo Von Erich and Gene Kiniski.

Ben Erich pinned Watts to grab the first fall in 9.38. Watts decked Von Reich in 6:10 to even the match. A chair was thrown into the ring and several spectators had to be ejected from the Garden before referee Eddie Gersch finally disqualified Von Erich and Kiniski for foul tactics. He awarded the decision to Sammartino and Watts after 9:44 of the deciding fall. In other matches, Bobo Brazil drew with Gorilla Monsoon. Dr. Jerry Graham and his brother, Eddie, defeated Haystack Calhoun and Hi and Perez Sweet Daddy Siki flattened Luke Graham. Don McClarity defeated Crusher Sloane, while the Golden Terror beat Steve Stanko.

The South, as always, has more mathces than all the rest of the country put together. Even with the amount that we have here, we miss this mich more. We miss at least eight matches a month from Roanoke, 4 or 5 from Richmond, we miss more than we gain in Greensboro and Columbia; the only area that we get fairly close to complete is the Mobile/ Pensacola area. Further west, but still in the South, we miss almost eveything in Louisiana and Missippi. There are at least four or five sities that we miss entirely. The Lord only knows how many we miss through Tennesse and Kentucky. I would imagine that we have about 25 % of the available results in this listing.

With the loss the Infernos, Atlanta has been hurting a little. They have not had a turn away drowd since the masked pair left. The Red Raiders are making up for it a little but without the manager that the Infernos had, Jimmy Dykes, the new team is not as well dis-liked. New faces in Dennis Hall, Ramon Torres, Clyde Steeves, Louie Tillet and Bob Morgan should help. Along with visits from Edde Graham and Gene Kiniski this area should be back on top soon.

The Mobile area still has many top names. Newcomers like Ona Wiki Wiki, the hero Medic, and the Mad Mongul should help. They alswys do well, so thereis little to worry about.

The Florida circuit is still high. With Duke Keomuka and Hiro Matsuda back along with Eddie Graham, things should be hot. The Mummy will also help this area continue to prosper.

The Carolina area is strange this month. With the Scott Brothers gone to Australia, with Tony Nero gone up North, wity Skull Murphy and Jim Bernard in Australia, things are a little bare. Big Boy Blondell, John Diggins and Ron Hill (three men that this writer has never heard of before) seem to be helping. But new, top names are needee soon, if the area is to continue on top. The visits from th girls, the emergence of top billing of several men like Drake, Lindsay, DeMarco, et al is the only thing keeping this area from going under. The promoter in the area, Jim Crocket, can always be relied upon for the best; I think the future will prove this to be true.

Our thanks to the many people who help collect these results. Most especially our thanks goes to the hardest working man in the club, Uncle Jim Lee. He is a blessing, and we are lost without him and his work, as proved last month when we only had three pages of results. Additional thanks goes to Mike Mooneyham, Diane Devien, and the countless others that devote their times and energies to the benefit of this club, to wrestling in general, and th their tired, old, worn out Undle Purt. We luvs ya all.

Bobby Shane is still clicking away in the Carolinas. He is improving with each match, and it is the opinion of this writer that he will one day in the not too distrat future. He is a good one. Also George Drake is hitting the top now. He has always had all the ability in the world; and now he is showing it.

This are is the hardest in the world in which to get news. This is a shame, as they have many good men down there. Arnold is one of the best in the businees, as is Ray Gordon, the Assassins, and several others. Both Harmon, Thatcher and Kirk are all good, young men that have bright futures ahead of them.

The additons of Harmon, Thatcher and Anthony should help that area. As mentioned above, they are good young wrestlers, and that always help an area. They do need other faces, though.

Our thanks, once again, to Diane Devine, Al Fenn, and others for their assistance in gathering these results. It is a shame that we do not get more help from others as we do from Diane. She does a back breaking job, and deserves much of the credit for the quality and quantity of our coverage in MATHANIA. Diane, we luvs ya.

This are has wrestling twice a week in Phoenix, once a week in Tucson, Mesa, Casa Grande, Las Vegas (?) plus spot shows throughout the area. We need more of these results. Can anyone please see wwhat they can do to help us on this? Much grass.

****

In the last issue of MATHANIA, we carried an interview by Bob Harmon. In this, he said what he was going to do down in Phoenix when he got there. His record speaks for itself. Two wins, two losses and a draw. In short, he is as good as his words indicate he is. A fabulous, young wrestler, he has a bright future in front of him in the wrestling world.

****

It is good seeing Les Thatcher more active. He has been a good one for several years now, but does not work as often as he should. He is a popular man, and the additonal experiance that he is now getting, he should be a world beater soon. Only in the field for a couple of years, he is already meeting the best, and winning most of his matches. Watch this boy; he is a goodie.

Another good, young wrestler that could really make it big is Bruse Kirk. A real good one from all I've heard, he has everything it takes to be a top winner. Young, good looking, and a good wrestler, he is a good one. Watch him.

Fir what it is worth, Fritz Von Erich broke with the Houston office and has set up promoting opposite Morris Siegel. He seems to be in fiarly close partnership with Myers, Geigel and the Amarillo office. I do not know for sure, but it seems to be so from the results above. As I get further news, I will include it.

With Fritzie and Romero traveling back andforth between the two Texas circuits, things are hoping. The revival again of Keoumka and McShain also help. The arrival of Ursus, Kox, Tanaka, Ellis and Gonzalez also hlep. This area has seldom had trouble drawing the fans, and the next few months will be even more interesting. I mean how can an area fail that has Gibson, Ursus, Plechas, McShain, Pico, Neilson, et al in one time? Nothing but goodies.

Mike London in Albuquerque, normally runs a completely separate circuit, but has been running along with the Amarillo office of late. His area has been, in times past, a hot bed of wrestling activity, and it is through him that we have many of our top names of today. He gave us Bill Elliot, alias Bob Ellis, Rip Rogers alias Eddie Graham, Haystack Calhoun, and many others. He is a good promoter, and his slow-down is really hurting wrestling.

If that was really Ted Lewin above, it marks one of the few times in his career that he crossed the Hudson River. The furthest he has ever traveled from Manhattan. Some one is desparate.

Bob Boyer is rapidly growing into a goodie. He has all the ability to go to the top. All he needs now is more experience and he will do it. Perhpas he could do better in an area where there are more wrestlers of his size.

Was good to see the names of McKinley Pickens and Tiger Conway again. Both are good wrestlers that have been missed. Anyone with a name like those two <u>have</u> to be pretty good to back it up.

Only time will tell what affect the split will have on Texas wrestling. Von Erich has long been one of the top draws in the Lone Star state, and his absence will naturlly affect the gates. Siegel still has many good names and talents available, so he should not be hurting too much. With both Tillet and Tyler gone, though, he has lost two good ones. As succesful as he has been in times past, I am willing to bet he will win again.

****

Our thanks to the many people who helped us fill in the above results. Especially to Pamela Page, Tommy Hogans, Garvin and Earl Elder, and Jim Melby. We luvs ya all, and would be lost without ya all. Uncle Burt wuvs all his widdle nieces and nefews.

****

Someone suggested that we do a life history of Fritzie. I think we should let him get a little more time in the ring behind him before we do so. There are too many of higher priority to do before that. Is that okay with everybody?

We were going along so well there, for awhile. The only important newcomer in the north is Tarzan Tyler. He is a good one, and will be a welcome additon. He, along with Larry Williams, are the only new men in the past month or so. The South is doing better, though. New men like Paidousis, Von Goering, and Reyo will help a great deal. With Brazil spending more timethere, with Dubuque and Big Heart around to add their talents, with Ito and Moto there, with El Mongul, the two Destroyers, and with the regular bunch of second line men, things are getting very warm now. That area should really be hoping and humming. They regularly draw over 10,000 people to the big matches at the Olympic once a wekk, and there are few areas that do that. Jules Strogbow is to be congratulted for doing the job.

Our thanks to King Jack, Jeff Walton, Rae Frye, and Earl Elder for their help in compiling the above results. We preciates it all.

Our thanks, as always, to Linda Scott, the V.P. of the Eddie Swan fan club, for her assistance in gathering these results. She is a hard worker, and we would be lost without her. Man, many thanx, Linda.

With the addition of the Scotts, things should still be hopping down there. The Scotts are a good tag team, one of the best in the business, and they should beat Murphy andBernard for the title soon. Steve Bolus is another good, young man who will be a big hit with the Aussie fans. Look for them to continue as the world's biggest drawing area.

I have no idea who the Destroyer involved here is. It is not the original, as he is in Southern California. It could be Joe Christie, but I doubt it. From there, it is anyone's guess. It is supposed to be someone well known, as one of the wrestler's told Linda that she would recognize him immediately. Linda, could it be Haystacks Calhoun?

In each issue of MATMANIA, we offer several prizes which we feel are deserving to the winners in question. The first of these each month is to the promoter who we feel is the best and does the best job of promoting during the past month. Normally, we try to follow the wishes of our members who feel that their local man deserves this honor, and again we will follow that idea. The winner this month is none other than the man who makes Los Angeles go around, Jules Strongbow. He has brought this area back to a place of prominence and is again drawing top crowds in the various arenas around his circuit. Our congrats to a fine man who does an excellent job.

The second prize we give each month is to the fan club worker of the month. To the person who does the best job of helping his members and wrestling fans in general follow and love wrestling all the more. The winner this month is a young man who richly deserves this honor. A man whose club has long been one of the tops in the field. We speak of John Knatin of the Marside Manueal. Doesn't sound right or look right. John has done an excellent job for many moons, and justly deserves the honor that this small award will give.

The third prize we give every month is to the wrestler who does the most traveling during the results period covered in this issue. An idea of the men who did any tremendous traveling should be listed, so here goes. Arman Hussien left Phoenix and went to Texas. Luke Graham left Memphis andis now in Seattle. Jose Moto left Texas and went to Memphis and environs. Tyler left Texas and is in California Rudy Kay left the Carolinas and is in Westwern Canada. Jim Starr left Texas and is also in West Canada. The Scotts left the Carolinas and are in Australia. Steve Bolus also left there to go there. Nero left the Carolinas and is now in McMahon land. Sputnik Monroe journeyed from Florida to Texas. Gattoni left Pittsburgh and is in Eastern Canada. Mike DiBia so left Texas and is in Missouri and area. O'Connor took a flying sing down through Texas. Mighty Ursus left the Northwest and is in Texas. Jim Webba left Atlanta and is the Missouri/ Kansas area. Buddy Fuller left Atlanta to go to Texas. Dibbs Pepper Gomez from California to Texas The winner is not listed herein yet. There are three men that must be given the award. To fully list the miles covered by them, and who most deserves the honor, we would have to have a travel guide, which we dont. The first of the three possible winners is Lou Thesz. During the past month, he has appeared in California, Texas, Florida, Washington, the Carolinas, Arizona, and the Lord only knows where else. That HAS to be a few miles under his belt. Number two is the NWA king-pin, Gene Who's His Name. He hit Florida, Tennessee, Carolinas, Washington, Missouri, Texas, and other spots. The third is a man who is no stranger to the serious mat fan. He hit Germany, other spots in Europe, spots in Africa and the Near East, and then went to New Zealand. His name is Jacob Grobbe, alias Hans Mortier, alias Tarzan Zorra. We thinks Grobbe deserves the honor, but it would be a close tie right down the line. Our congrats to the three goodies; they are all close to the tops.

On the previous page, we listed a tourney from Labanon. A little more news on it now. Duval, Jones and LaChatte are girls. This is the first time that they have appeared there as pros. Jones is from the U.S.A. Duval from Belgium and Chatte from France. Campbell is from Scotland, Romano from Spain, Charon from England, Srour is from Lebanon, Dennis Wook from Holland, Perry Douglas from the States, and Doctor Satan from South America. Our thanks to Nabil G. Salameh for his assistance in getting us these results. There will be more news on this as time goes on.

Also received a letter from Buenos Airos. No results included, but currently appearing there are Martin Karada jian, Ali Bargachi, El Sudio Comaucho, and a guy by the name of Argentina Rocca; the same. A glad welcome to both Nabil G. Salameh and to Charles Helfirk for their assistance in helping us all to learn more about (trumpets please) wrestling.

On 21 November 1962 in Hermitage, Tennessee there was a match that may be a record of some sort. Mighty Jumbo, a 640 pounder, wrestled and beat Happy Humphrey, who weighed 720. As I say, this must be some sort of record for combined wieghts. I hear that they later tag teamed as the Medics for a while, but since it si unsubstantiated, I will not completely believe it.

I have not mentioned for several pages how desperately I need old results. I think that I shall mention it again for a second. We need old results. If you have access to old newspapers either in the library or the newspaper itself, please let me know. We desperately need your help and assistance on this. Much grass.

As mentioned in previous issues of MATMANIA, we welcome new members. We put out 12 bulletins a year, and each issue is at least 50 pages of news, results, and general basic information. The dues are only 50 cents a month, or 5.00 a year. For each new member gained by a person already belonging to MATMANIA, we give fifty cents, so all of yousies try real hard. The more members that we have, the better the bulletins we can put out.

Welcome to all the people who joined MATMANIA the last month or so. Also to the people reading this bulletin for the first time. Aren't they just about the craziest things you ever saw?

For those interested in old results, we have a fan club which includes just such info. The dues are only 1.50 a year, and the members receive all the old results wich we receive. The address is the same as mine. 348 E. 49 N.Y. N.Y.

What is coming up the next few issues of MATMANIA? I am glad that you asked. The October issue of same will include articles and pictures of many of the top female stars now around. Included will be items on Chi Chi Paree, Verne Bottoms, and many others. The November issue will include picutres of many of the men now in New Zealand; also pictures and articles on many of the stars of this area. The December issue will be our anniversary issue. This extra large, extra special bulletin will include the life history of Buddy Rogers, plus articles and pictures on him and his major opponents. As everyone knows who saw our last anniversary issue, we go all out on these. The December 65 issue was almost one humdred pages, and they did not include results in those days. Still only fifty cents, they will be a must for every mat fan. Future issues will include life histories on Bobby Orton, Bill Miller, Primo Carnera, Gorgeous George, Freddie Blassie, George Bollas, and others as necessary. We will also be doing life histories on each man elected to the Wrestling Hall of Fame.

My thanks to each persn who wished me luck on the Job of Fan Club Editor of Wrestling Revue. The November issue, which should be on the stands by the time you receive this bulletin, has the first such column. Buy it and read all about your poor, tired, old Uncle Burt.

And now a special feature of MATMANIA, the last page. In each issue, we use this space to thank the many, many people who helped make this issue possible. We would like to give our thanks to all the tons of people who sent in the results that are included in this issue. Without them & their help, we would be lost.

We would also like to thank those people who write me letters, and did not receive a rapid reply. Somehow, these things do not fall into place by themselves, and need he;p from me. That, boobies, takes time. Please forgive, and I will continue to do my best.

Another special thanks goes to all those people who helped with the Pat O'Connor record. We would be lost without you and your help.

A very grateful thanks goes to the hardest working group of officers in the world today, our officers. The men and women who work most closely to me: Diane Devine, James G. Lee, Norman Kietzer, Charlotte Irvine, Jane Rhodes, Dean Silverstone, Jim Melby, and the many others who devote their times and energies to the betterment of wrestling in general and sniff, sniff, MATMANIA in particular.

And our last thanks, and our most sincere thanks goes to the men and women who promote, wrestle and referee in our beloved wrestling. Without them, life would be much duller. Our thanks to the Men and Women of the Black and Blue.

This closes our September issue of MATMANIA. We sincerely hope that you liked and enjoyed our efforts. Luvs ya all.
